

3rd TRANSNATIONAL MEETING – BILBAO 5,6,7 October 2023

The meeting, organized by the partner APyF, was held in Bilbao and involved 10 members participating in the project.

In the first part, the work was divided into the critical review and integration of the matrix of professional skills of the conductor/ facilitator, previously prepared by A.Narracci and F. Pellegrini. During the meeting 18 skills are defined, grouped into three areas of specialization.

The final document “Competency Framework for Conductor/Facilitator of MFPG” will be produced by October 30th

In the second part the partner LIPsiM presented an initial design of the training program, starting from the elements contained in the Vademecum and in the Competency Framework .

The participants discussed the methodology and tools defining units teaching and modules and a first draft of the training curriculum was produced.
